

## WANTS ALIENS BARRED.

Richmond (Special).—Senator Parks, of Page, called up his resolution directing that the Virginia members of the national Legislature shall be requested and urged to vote against the admission of any more of the immigrants from Southern Europe into this country. In speaking to the question Senator Parks declared that the promoters of Mafia and Blackhand and other murder societies are not wanted here, but that the first of this horde of people is beginning to infest and disgrace the soil of Virginia. The resolution was adopted by a unanimous vote and went over to the House.

Senator Chase, of Dickenson, one of the minority members on the floor of the Senate, introduced a bill which provides for the appropriation of \$150,000 for school-books. The money, under the provision of the bill, is to be distributed pro rata according to school population in the counties and cities of the state.

The attempt to break the Bayliff survey is dead so far as this session of the General Assembly is concerned. The report of the committee is that the bill do not pass. The bill will now go to the House calendar, but the chances for its being considered are regarded as not only remote, but well-nigh impossible, with the certainty that if it is reached the bill will be defeated.

The Senate Committee on Courts of Justice has reported favorably the Featherston amendment to the Constitution, which extends the session of the General Assembly to 90 days. The people will be allowed to vote on the question at the next general election, and it will be enacted by the General Assembly.

Governor Swanson signed the bill which repeals the exclusive franchise of the Richmond, Fredericksburg and Potomac Railway. The bill was passed in the House, and it was at once placed in the hands of the enrolling clerk. The bill is now a law, and all who want to build railroads to parallel the Richmond, Fredericksburg and Potomac can get all the charters they desire and proceed to build. The promoters of the bill are delighted with the result, and they do not hesitate to say that the vote was larger than they had expected in both branches.

## Thompson Withdraws His Suit.

Roanoke (Special).—The case of Fred J. Thompson, a merchandise broker, against Drs. Charles C. Canaday and A. Stone for \$10,000 damages for adjudging him insane, was withdrawn by his attorneys, he paying the costs. The Roanoke physicians were legally summoned to investigate his mental condition and he adjudged him insane. He committed himself to an asylum and was afterward discharged and brought suit for damages, alleging that the result of the physicians' examination had alienated the affection of the young woman whom he was to marry.

## Will Sue Steamboat Company.

Warsaw, Va. (Special).—John R. Campbell, of Newland, Richmond County, special agent of the Northern Neck Mutual Fire Assurance Company, of Irvington, will at once enter suit for \$500 damages in the Circuit Court here against the Maryland, Virginia and Delaware Company for not stopping at wharves on schedule. Mr. Campbell drove 15 miles to Wolford wharf to board a steamer, and the steamer scheduled to come to that wharf only came as far as Sharp's and returned to Baltimore. By this disappointment, Mr. Campbell was prevented from fulfilling an important engagement.

## More Discharges On The N. &amp; W.

Lynchburg (Special).—The Norfolk and Western Railway has just discharged 15 additional helpers at the Island yard here, this making about 100 discharged in the last two months. These men will probably never find employment at the Island yard again, as it will be practically put out of commission by the use of the Concord-Forest belt around the city, which is expected to be in operation in a month.

## VIRGINIA WEDDINGS.

Fredericksburg.—James W. Coppage, of Spotsylvania County, and Miss Macie Smith, of Hanover, were married at the home of Mr. W. W. Creery, in Richmond, by Rev. W. F. Davis, of Charles City County. The couple will reside in Stafford County.

Lynchburg.—At the parsonage of the First Christian Church, Miss Virginia Frances Gilchrist and Mr. Herbert Hugo Cochran, both of this city, were married by Rev. F. E. Bullard. The attendants were Mr. J. C. Oaks and Miss Bertha Robinson.

Leesburg.—Mr. and Mrs. William Leaven Powell, of North Fork, Loudoun County, announce the engagement of their daughter, Bessie Lee Powell, to William Laird Dunlop, Jr., of Washington, D. C. The date of the wedding has not been fixed, but will take place in the early spring.

## VIRGINIA OBITUARY.

Staunton.—John A. Stuart died at Lowery, in Bedford County, aged 65 years, relict of a widow. He was a nephew of the late Alex. H. H. Stuart, one of the Virginia Military Institute cadets who fought at Newmarket in the Civil War.

Leesburg.—Thomas Halstep, well known throughout Loudoun County, died at his home in Fairfax County, aged 64 years. He is survived by a widow and one son. He was a native of Loudoun County.

Fredericksburg.—Charles Nicholson, of Spotsylvania County, died at his home, near Massaponax, aged 89 years. He is survived by a widow, two sons and two daughters.

Fredericksburg.—Mrs. Susan Chilton, of Stafford County, died at her home after a brief illness, aged 79. She is survived by three sons.

The one redeeming feature of a pawn shop is the ticket.

The villain is always caught in the act—usually the last act.

Most women regard bachelors as good husbands gone to waste.

Truth is stranger than fiction because there is less of it in the market.

A man must make his own way in the world, while a woman merely has hers.

It is the struggle to keep up appearances that keeps a great many people down.

Many a man is willing to die for his country, but he wants to fix the date for himself.

Making love to a woman is like using tobacco—it sometimes keeps a man from worse vices.

A pair of lovers may be talkative enough in public, but when they are alone they are always sure to be close mouthed.

The man who has some scheme to enrich his fellow man nearly always has patches on the south section of his trousers.

No matter how loose an engagement ring may be, the diamond never slips round on the inside of a lady's finger.

When a girl tells a young man she dreamt about him the night before, it is high time for him to begin to be very careful.

A woman never knows anything about another woman's character unless it's something the other woman ought to be ashamed of.

A man often decides that he cannot afford to marry, but when he is really in love he marries and doesn't care whether he can afford it or not.

## His Own Witness.

H. K. Adair, the Western detective, was describing in Duluth the capture of a faker of "Old Masters."

"When I examined this fellow," said Mr. Adair, "the 'third degree' was not needed. Out of his own mouth he convicted himself unconsciously. He reminded me, there, of a boy who once applied at my office for work."

"This boy was bright looking and I rather took to him."

"Now, my son," I said, "if you come to work for me you will occasionally have to write telegrams and take down 'phone messages. Hence a pretty high degree of schooling is essential. Are you fairly well educated?"

The boy smiled confidently.

"I be," he said.—Washington Star.

## Now Owns Eleven Country Weeklies.

E. L. Senn has purchased from J. D. Rainey the Hayes (S. D.) Homestead. This makes the eleventh paper Mr. Senn has bought in Lyman and Stanley counties. The newspaper business is profitable in that part of South Dakota now because homesteaders are taking possession of land and the publication of the notices required by law at \$5 each is a comfortable source of revenue.

## The Grandest Railway Train

The grandest train in the world is the Kaiser's. It cost \$1,000,000 and took three years to build. In the 12 sumptuous saloons are two nursery coaches, a gymnasium, a music-room and a drawing-room furnished with oil paintings and statuary. The treasure-room, with its two safes, is burglar-proof.

## Getting Down To Facts.

"In your opinion," said the member of the investigating committee, "what is the cause of the evident unrest among the Indians?"

Comanche Pete, the noted scout, blew a cloud of smoke into the atmosphere.

Then he took his pipe out of his mouth.

"Facts," he answered.—Chicago Tribune.

## Piles Cured In 6 to 14 Days.

Fazo Ointment is guaranteed to cure any case of itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

## Accommodations Needed.

"But why do you wish so many closets?" asked the puzzled architect.

"I want you to understand," replied the lady, with dignity, "that if our family isn't very old it has more skeletons than any other in the social bureau."—Philadelphia Ledger.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is swollen, and mucus collects in it, and you have a rumbling sound or ringing in your ears. It is entirely cured by Fazo Ointment, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CROSBY & Co., Toledo, O. Sold by Druggists, etc.

## BABY CRIED AND SCRATCHED

All the Time—Was Covered with Torturing Eczema—Doctor Said Sores Would Last for Years—Perfect Cure by Cuticura.

"My baby niece was suffering from that terrible torture, eczema. It was all over her body, but the worst was on her face and hands. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year, and I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid. But I used Cuticura Soap and Cuticura Ointment and she was cured in three months. Alice M. Dowell, 4709 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

When a robin redbreast belonging to Mrs. T. J. Coughlin, of Milwaukee, turned entirely black two months ago scientific men, inquisitive neighbors and unbelieving scoffers in the beer town visited it. Now the bird is healthy, singing and swinging in its cage with cheerful unconcern.

The explanation given by Henry L. Ward, a Milwaukee savant, at the time of the first change was that of pigment took place which caused the bird to turn black.

Recent experiments made in the New York Zoological Gardens show that heat or cold affect the bird's molting time," said the puzzled scientist. "But why this bird should become black and then white is beyond me. A change in surroundings of the supposition that it may have been carried from a room in the front of the house to the kitchen, where it is bathed in vapor most of the time, may account for it."

The moon burst through a bank of storm clouds just in time to save the steamship Allica, from Seville, Spain, to Boston, as she was plowing her way through the Gulf stream.

The sky was black with clouds one night, and the deck watch was vigilant. Suddenly through a rift in the clouds the moonlight burst forth, and dead ahead, hardly a cable's length from the steamship's bows, the look-out sighted a derelict wallowing in the sea.

The course of the Allica was altered instantly, and she forged by the stranger with scarcely a hand's breadth to spare.

## Moon Saves A Ship.

An inquiring lady, known to a writer in "Blackwood's Magazine" recently asked a private soldier to tell her some of his experiences in war.

Tommy, who was Irish, tried to get out of it by saying that nothing had ever happened to him, but the lady was persistent.

"Something must have happened," she declared. "Now tell me, in your experiences in South Africa, what was it that struck you most?"

"Well, ma'am," said Tommy, after some cogitation, "the thing that struck me most was the number of bullets that missed me."

## Wants Felons Vivisectioned.

Dr. George H. Quay, dean of the Cleveland Homeopathic Medical School, urges the vivisection of criminals and of incorrigible youths for the benefit of science.

"Of what use to the world is the habitual lawbreaker?" he asks. "Is he not a public charge, a burden to society? Isn't it better that he be placed under the care of skilled surgeons and bacteriologists, that medical science may benefit? Much more intelligent and accurate results might be obtained from the use of human beings than from the use of dogs, rabbits and such animals."

## Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

## PERUNA EDITORIAL NO. I.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE PRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna have a true justification.

The only departure we shall make from medical ethics in the conduct of Peruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being entirely within their approval.

## BUT WE SHALL NOT DO THIS.

We shall continue to offer Peruna to the people. We shall continue to convey to the people our claims for Peruna as a household remedy. We shall continue to supply the people with free literature, teaching them how to use our medicine, teaching them how to avoid disease, teaching them many things of benefit to the home. We shall continue to do this, whether the medical profession like it or not.

We are proposing from this time on to take the public into our confidence. Notwithstanding that some imitators and substitutes will be attempting to put up something which they consider just as good as Peruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly OF WHAT PERUNA IS COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of
